

## **Disclaimer**

I cannot guarantee you or anyone else any specific results or amounts of money that will be made with this method. The method worked for me but it does not mean it will work for you or anyone else, especially if you are not willing to put in the time and effort to make it work. With that being said, there is great potential in this method but it really depends on the hours you are willing to put in, your patience and willingness to be consistent. I'd also like to note that some of the links in this eBook are affiliate links and reviews of products, some of which I have bought and used myself.
